

ALTERNATIVE MODELS
AND ROBUST DECISION-MAKING
FOR FUTURE FOREST MANAGEMENT

Linking scientific truth with power

Knowledge transfer from ALTERFOR

Mirjana Stevanov, Max Krott, Nataly Jürges, Michael Kirchner

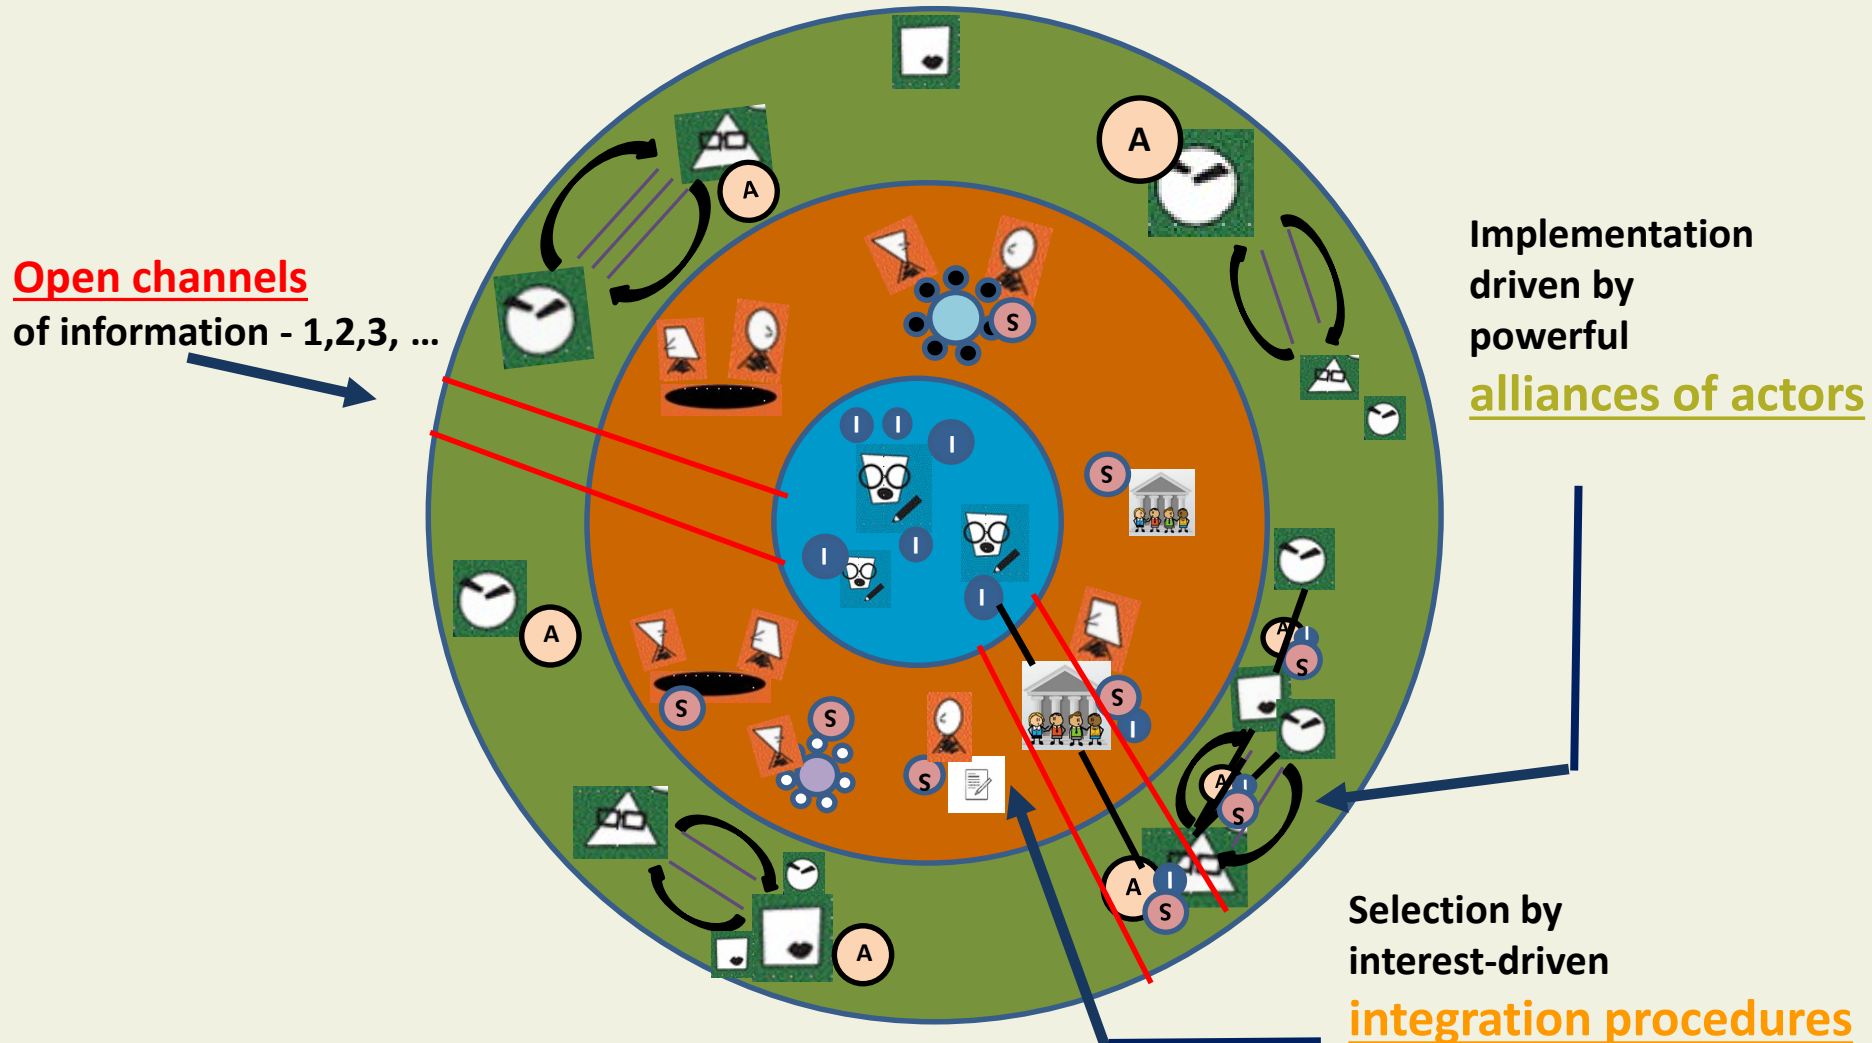

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 676754.

Knowledge transfer by full communication

Hope:
Changing political power by scientific truth !?!

Linking scientific truth with power

Examples

of power links from ALTERFOR (1/3)

Implementation by

Governance (non-hierarchical neg.)	Government (hierarchical interv.)
--	---

Informational instruments

*Events

* Options of actions

* Demonstration sites

*Cooperation regional research

*Link with national policy windows

*Further research

*National web page

*aFFM as national case

*Triggering resistance

FA (10 countr.), FO (8 countr.): Actors

PO (7countr.), NCA (IRL, LIT, SK, SWE),

R-NGO (ITA), NC-NGO (GER, ITA),

O (IT, NL, SK, TR), TI (LIT)

Actors: PO (Univ. NL, SK), FA (NL),

NC-NGO (GER)

Examples

of power links from ALTERFOR (2/3)

Implementation by

Governance (non-hierarchical neg.) / **Government** (hierarchical interv.)

Economic instruments

* Forest policy reform implementing
aFFM /

* Cooperation with regional markets /

(PT) **FO** , (IRL) **FA: Actors** **Actors:** /

Examples

of power links from ALTERFOR (3/3)

Implementation by

Governance **Government**
(non-hierarchical neg.) (hierarchical interv.)

Regulatory instruments

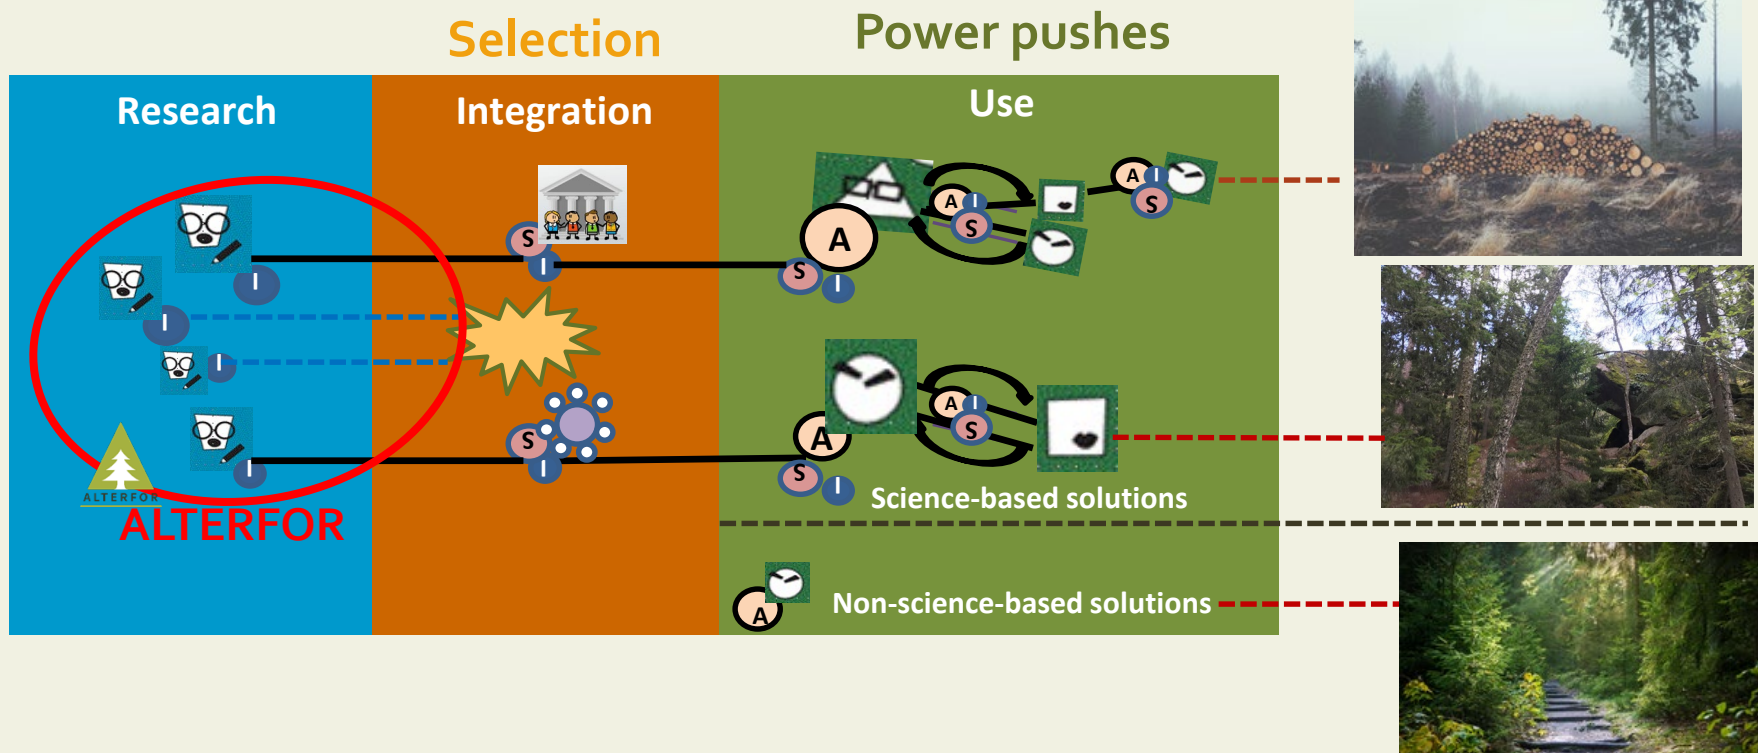

- * Forest policy reform implementing aFFM
- * Triggering resistance
- * National sites for implementation

(IRL) **FA: Actors** **Actors: FA** (SK, TR), **NCA** (IRL)

Conclusion:

Facilitating knowledge transfer by selection and power pushes

Thank you for your attention!!
